

PAPER EXCELLENCE

A LEADING GLOBAL MANUFACTURER OF PULP AND PAPER PRODUCTS

Paper Excellence is a diversified manufacturer of pulp and specialty, printing and writing, and packaging papers. We believe in the enduring value of wood-based products in global markets, and have built a large network of mills and chipping plants to produce them competitively. Through our distinct approach to operational excellence, we deliver high-quality and cost-effective products to international customers.

PRODUCTS

We manufacture high-quality softwood and hardwood kraft chemical pulps, and chemi-thermo-mechanical pulps, that in turn are used to make packaging, papers, tissues, towels, and other specialty products. Our Catalyst facilities manufacture superior-quality specialty, printing and writing, and packaging papers for retailers, commercial printers, publishers, and customers who convert our products into their own.

ECONOMIC IMPACT

We have a significant economic impact in Canada, where our operations are important drivers of local and regional economies. We create approximately \$4 billion annually in economic activity through wages, tax payments, purchases of goods and services, and support of indirect employment.
