RESPONSIBLE PULP & PAPER PRODUCTS

- ✓ Our fibre is derived from well-managed, sustainable North American and European forests
- ✓ Our mills are low-carbon and energy efficient leaders
- ✓ We have long-lasting relationships with key environmental groups
- ✓ We have leading renewable energy and waste management practices
- ✓ It is our procurement policy that we do not source fibre that comes from deforestation

84% of our energy comes from green, renewable sources

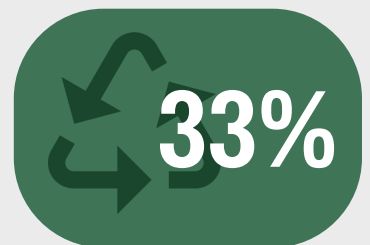

100% of our forest fibre is managed under our FSC, PEFC and SFI chain of custody systems

We've reduced our carbon emissions footprint by 60% since 1990

44% of our power is self-generated green electricity; some of which is sold back to the North American grid

38% of our solid waste is beneficially reused
